SECTION 1: BACKGROUND

The Rhode Island Department of Administration, Division of Purchases, on behalf of The Governor's Workforce Board (GWB) is soliciting proposals from qualified bidders to convene stakeholders, collect and analyze data, and finalize a report for the Biennial Employment & Training Plan for the State of Rhode Island (FY2016-FY2017). This plan must be submitted to the Governor and the General Assembly on or before January 13, 2017.

The GWB was established by Executive Order on September 22, 2005. The GWB consists of 18 members representing business, labor, education, community, and government, who comprise the State Workforce Investment Board (which oversees federal Workforce Investment Act Title I-B funds) and the Human Resource Investment Council (which oversees state Job Development Funds).

The GWB is the primary policy-making body on workforce development matters for the State of Rhode Island, and has statutory responsibility and authority to plan, coordinate, fund, and evaluate workforce development activities in the State. The GWB is also responsible for administering the Job Development Fund -- a state fund financed by an assessment on employer contributions into the RI Employment Security Fund -- to support education and training programs that increase the skills of the RI workers and address the workforce needs of RI businesses.

The Biennial Employment & Training Plan for the State of Rhode Island is required by RIGL 42-102-9, which provides that:

(h) The council shall biennially develop an employment and training plan for the state to be submitted to the governor and the general assembly commencing March 15, 2012 and covering the subsequent two fiscal years. Subsequent biennial plans shall be submitted on November 15. The biennial plan shall outline goals and objectives of the coordinated programs system, major priorities needed for the next two (2) year period, and policies and requirements necessary to meet those priorities. The council shall provide a funding plan necessary to achieve system priorities and to serve the anticipated number of participants and shall identify the general revenue funds necessary to meet program needs, taking into account anticipated federal, private and other sources of funds. The biennial plan shall incorporate the annual Unified Workforce Development Expenditure and Program Report in those years in which both reports are due.

(i) The council shall develop and maintain a comprehensive inventory and analysis of workforce development activities in the state to support the biennial report in subsection 42-102-9(h). The analysis shall include, but not be limited to, an examination of the populations being served across the different employment and training and adult education programs across the state, the number of participants being served by these programs, the type of services provided and the eligibility requirements of each of these programs. The analysis shall also identify the funding sources (all sources) used in these programs, the service providers within the state, as well as the range of services provided. The analysis shall also examine the employer role in workforce development activities, including, but not limited to, how employer needs are assessed, benefits employers receive for partnering with workforce development organizations, and the role employers play in development and training.

(j) The council shall establish and convene an advisory group to assist in the development of the analysis that consists of stakeholders and organizations with specific knowledge and expertise in the area of workforce development.

(k) All departments and agencies of the state shall furnish advice and information, documentary or otherwise to the council and its agents as is deemed necessary or desirable by the council to facilitate the purposes of the council as defined in subsection 42-109-9(i).

3. All costs associated with developing or submitting a proposal in response to this RFP, or to provide oral or written clarification of its content shall be borne by the vendor. The State assumes no responsibility for these costs.

7. All proposals must include the vendor's FEIN or Social Security number as evidenced by a W9, downloadable from the Division's website at www.purchasing.ri.gov.

11. Equal Employment Opportunity (G.L. 1956 § 28-5.1-1, et seq.) – § 28-5.1-1 Declaration of policy –
(a) Equal opportunity and affirmative action toward its achievement is the policy of all units of Rhode Island state government, including all public and quasi-public agencies, commissions, boards and authorities, and in the classified, unclassified, and non-classified services of state employment. This policy applies to all areas where State dollars are spent, in employment, public services, grants and financial assistance, and in state licensing and regulation. In accordance with Title 7, Chapter 1.2 of the General Laws of Rhode Island, no foreign corporation, a corporation without a Rhode Island business address, shall have the right to transact business in the State until it shall have procured a Certificate of Authority to do so from the Rhode Island Secretary of State (401-222-3040). *This is a requirement only of the successful vendor(s).*
13. The vendor should be aware of the State's Minority Business Enterprise (MBE) requirements, which address the State's goal of ten percent (10%) participation by MBE's in all State procurements. For further information, contact the MBE Administrator at (401) 574-8670 or visit the website www.mbe.ri.gov.
14. Contractual Terms and Conditions. GWB intends to execute a contract ("Contract") with the successful Proposer. GWB may require that the RFP and the terms and conditions attached to it, the Proposer's response, the best and final offer (if required), and any formal addenda to the RFP be included as part of any contract documents.
15. Proposals misdirected to other state locations, or which are otherwise not present at the time of opening for any cause will be determined to be late and will not be considered. For the purposes of this requirement, the official time and date shall be that of the time clock in the reception area of the Division of Purchases.

SECTION 3: SCOPE OF WORK

A. Objectives

The GWB is required by statute to develop a biennial employment and training action plan for the state that outlines the needs of employers and workers and establishes goals and objectives for the workforce development system. This plan has typically been presented in the format of a 70-page, paper report with a great deal of content. This year we hope to approach this work differently in order to make the action plan more accessible to the general public. The document will be used to highlight the major workforce priorities for the State of Rhode Island for the next two fiscal years, as well as the action steps necessary to achieve those priorities. The final product needs to be clean, concise and visually appealing so that the general public can understand the need, investments made and outcomes, as well as future goals and areas of work.

B. Estimated Timeline

10/28/16-Questions, if any, to be submitted

2. Create finalized power point presentation of Action Plan
3. Brief (5-10 page) executive summary

Please note: Initial planning, outreach, and data collection for the FY18-FY19 Biennial Plan have already been started by the GWB and a draft of the action plan will be completed prior to the contract period. In addition, the successful proposer will receive support from the GWB and partner agencies to identify data, reports, stakeholders, subject matter experts, and other resources for the development of the Biennial Plan.

References should be able to speak to your ability to effectively produce workforce development-related plans and reports on time and within budget. GWB is especially interested in references that can attest to the proposer's ability and performance in similar work with similar types of organizations and timelines.
9. Ethics. GWB and its Board of Directors and staff are committed to maintaining the highest standard of ethics in the awarding of contracts. In accordance therewith GWB requires that the Proposer certify the following:

"Neither the Proposer nor any officer, employee, agent, representative or affiliate of the Proposer has given or offered or shall give or offer to any Board Member, employee, or representative of GWB or to any family member of the foregoing, or to any business by which any of the foregoing persons are employed, or to any official of the State of Rhode Island who is subject to the State Code of Ethics, any gift, loan, political contribution, reward, or promise of future employment based on any understanding or expectation that the vote, official action, or judgment of the person would be influenced thereby, and, that no officer, employee, agent, representative, or affiliate of the Proposer shall have any direct or indirect non-incidental contact with any member of the board of directors of GWB during any period of time after commencement of the procurement process and prior to GWB's award of the Contract, except at a public meeting of the Board of Directors of GWB or at a meeting of a subcommittee of the Board of Directors."

Any contact direct or indirect contact at a public meeting or subcommittee meeting of GWB shall not concern procurement. Any violation of the foregoing shall result in immediate disqualification of the Proposer.

10. Period of Validity. Each Proposer's Proposal must include a statement as to the period during which the provisions of its proposal will remain valid. A minimum of 90 days from the Closing Date for Receipt of Proposals is required.

SECTION 5: SELECTION PROCESS

Proposals will be reviewed by a Technical Review Committee comprised of workforce development professionals convened by the GWB. This committee will review all proposals and recommend an individual or firm to facilitate stakeholder meetings and develop the Biennial Employment & Training Plan (FY2016-17) for the State of Rhode Island. Final selection will be made based on the lowest cost qualified bid; experience and expertise in similar plan development; and demonstrated ability to provide results.

To advance to the Cost Evaluation phase, the Technical Proposal must receive a minimum of 60 out of a maximum of 70 technical points. Any technical proposals scoring less than 60 points will not have the cost component reviewed, and the proposal will be dropped from further consideration.

Proposals scoring 60 technical points or higher will be evaluated for cost and assigned up to a maximum of 30 points in cost category, bringing the potential maximum score to 100 points.

The Governor's Workforce Board reserves the exclusive right to select the individual(s) or firm (vendor) that it deems to be in its best interest to accomplish the project as specified herein; and conversely, reserves the right not to fund any proposal(s).

Proposals will be reviewed and scored based upon the following criteria:

Criteria	Possible Points
Proposer Relevant Experience and past work products (description of proposer, resumes, references, examples of prior work)	25 Points
Quality of Proposed Methodology and Time Line	15 Points
Analysis (evaluation of FY16-17 Biennial Plan; opportunities for improvements in FY18-19 Biennial Plan)	30 Points
Total Possible Technical Points	70 Points
Cost calculated as lowest responsive cost proposal divided by (this cost proposal) times 25 points *	30 Points
Total Possible Points	100 Points

*The Low bidder will receive one hundred percent (100%) of the available points for cost. All other bidders will be awarded cost points based upon the following formula:

$$(\text{low bid} / \text{vendors bid}) * \text{available points}$$

For example: If the low bidder (Vendor A) bids \$30,000 and Vendor B bids \$40,000 and the total points available are twenty-five (25), vendor B's cost points are calculated as follows:

$$\$30,000 / \$40,000 * 25 = 18.75$$

Points will be assigned based on the proposer's clear demonstration of his/her abilities to complete the work, apply appropriate methods to complete the work, create innovative solutions and quality of past performance in similar projects.

Applicants may be required to submit additional information or be asked to make an oral presentation before the technical review committee to clarify statements made in their proposal.
